Economic Environment

Indian economic growth in 2014 rose to 5.2 percent from 4.7 percent last year as a result of the improving macro-economic situation. The wholesale and consumer price inflation has fallen to 4.2 percent and 7.4 percent from last year's 6.3 percent and 10.1 percent on the back of a strong base effect. Falling oil prices, lower food and commodity prices and the proactive measures taken by the Government helped in containing inflation in 2014.

Contrary to expectations, agricultural growth was strong at 4.5 percent in 2014. However, the slow pace of reforms, lack of impetus for infrastructure projects, high interest rates and tightening of fiscal policies adversely impacted the capital goods sector. Industrial production/ output was also sluggish.

The low economic growth appears to have bottomed out and a gradual increase in economic activity is expected in 2015. The medium term to long term growth prospects look positive in view of the Government's determination to bringing reforms. For the year 2015, the economy is expected to grow at a higher rate than in 2014. The long term prospects for the economy is optimistic.

REAL ESTATE DEVELOPMENT

MARG's residential development arm - MARG ProperTies is moving forward as lot of infrastructure growth is happening in Tamilnadu and the company has a strong presence in Chennai where there is a huge demand for residential space. To cater to the housing demand and leverage the economic growth drivers, the company has a strong project pipeline and land bank near the suburban micro-markets. The company's project portfolio is primarily skewed towards mid and low income segment which forms the bulk of the residential demand.

The years 2014-15 can be termed as epic milestones for the real estate industry in India. There have been some landmark decisions that aim to change the face of the realty industry and create a conducive and more just form of housing options catering to each and every section of the society.

The Planning Commission estimates that by 2030, about 600 million people will be living in cities, which means that reasonably priced housing will be the need of the hour. The real estate industry does indeed have a large gap to achieve if you consider these proportions.

As the South & West Chennai is getting developed rapidly, MARG ProperTies projects which are located in these areas are benefitted more.

MARG ProperTies is consistently unique in its marketing and customer service approach. The company always reaches out to its customer in an innovative way by creating events like Connexions (customer meet), user-friendly website, quarterly communication newsletters on latest company and project updates.

MARG ProperTies has further created an avenue to get closer to its customers through ProperTies Shoppe at Kottivakkam, OMR. It is the first of its kind in the real estate industry to create more touch points and offer the company's wide range of products to customers through experience and consultative selling. Interactive touch screen kiosk is another unique innovation from MARG ProperTies to touch base with its customers.

Chennai witnessed drop in sales volume to the tune of 30 per cent during 2014 making it as one of the worst performing years for the residential sector in the history of the city. Factors such as slowing economic growth, rising interest rates by banks and weak rupee among others have contributed towards building a negative sentiment among home buyers. MARG properties also witnessed a slowdown in the projects and sales drop highly because of above mentioned economic downturn.

Present levels of urban infrastructure are inadequate to meet the demands of the existing urban population. There is need for re-generation of urban areas in existing cities and the creation of new, inclusive smart cities to meet the demands of increasing population and migration from rural to urban areas. Future cities of India will require smart real estate and urban infrastructure.

The GOI has allocated US\$ 1.3 billion for Rural Housing Fund in the Union Budget 2014-15. It has also allocated US\$ 0.7 billion for National Housing Bank (NHB) to increase the flow of cheaper credit for affordable housing for urban poor. Besides which some of the other key features that have taken place in the recent past can be listed as under

- Lowering of interest rates by banks
- RBI offering incentives for infrastructure financing
- Creation of real estate investment trusts (Reits).

In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial control system over financial reporting and the operating effectiveness of such controls. Tax on income for the current period is determined on the basis of Taxable Income computed in accordance with the provisions of the Income Tax Act 1961.
- b. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. In respect of Companies availing tax deduction under Section 80 of the Income Tax Act, 1961, deferred tax has been recognized in respect of timing difference, which originates during the tax holiday period but reverse after the tax holiday period. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has carry forward unabsorbed depreciation or carry forward tax losses, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits. At each Balance Sheet date unrecognized deferred tax assets of earlier years are re-assessed and recognized to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realised.

2.9 FOREIGN CURRENCY TRANSACTIONS

Foreign currency transactions are accounted on the exchange rate prevailing at the date of the transaction. Foreign currency monetary items outstanding as at the Balance Sheet date are reported using the closing rate. Gains and losses resulting from the settlement of such transactions and translation of monetary assets and liabilities denominated in foreign currencies are recognized in the Statement of Profit & Loss.

2.10 BORROWING COSTS

Borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset are considered as part of the cost of the asset / project. All the other borrowing costs are treated as period cost and charged to Statement of Profit & Loss in the year in which they are incurred.

2.11 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

A provision is recognized when:

- i) The Company has a present obligation as a result of a past event;
- ii) It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- iii) A reliable estimate can be made of the amount of the obligation.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably not, require an outflow of resources. Where there is a possible obligation or a present obligation and the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent Assets are neither recognized nor disclosed.

2.12 EMPLOYEE STOCK COMPENSATION COST

In respect of the stock options granted by the Company, the intrinsic value of the options (excess of market price over the exercise price) of the shares is treated as employee compensation cost and is amortised over the vesting period, in accordance with Guidelines issued by SEBI in this regard.

2.13 EARNINGS PER SHARE

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and weighted average number of equity shares outstanding during the period, are adjusted for the effects of all dilutive potential equity shares.

STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013, ("the Act")

Under the provisions of Section 180(1)(a) of the Companies Act, 2013 ("Act"), the above powers can be exercised by the Board only with the consent of the Members obtained by a Special Resolution. Further, as per clarification dated 25th March 2014 issued by the Ministry of Corporate Affairs, the Ordinary Resolutions earlier passed under Section 293(1)(a) of the Companies Act, 1956 remained valid for a period of one year only from the date of notification of Section 180 of the Act, i.e. up to 11th September 2014.

This permission is sought pursuant to the provisions of Section 186 of the Companies Act, 2013 to give powers to the Board of Directors or any duly constituted committee thereof, for making further investment, providing loans or give guarantee or provide security in connection with loans to subsidiary companies (including overseas subsidiaries) for an amount not exceeding Rs. 5000 crores.

The investment(s), loan(s), guarantee(s) and security (ies), as the case may be, will be made in accordance with the applicable provisions of the Companies Act, 2013 and relevant rules made there under. These investments are proposed to be made out of own/ surplus funds/internal accruals and or any other sources including borrowings, if necessary, to achieve long term strategic and business objectives.

None of the Directors or Key Managerial Personnel of the Company or their relatives are concerned or interested in the resolution.

The Board recommends the Resolutions set out at Item No. 5 for approval by the shareholders of the Company as a Special Resolution.
