

Profile

**GRK Reddy,
Chairman & Managing Director, MARG Group**

A first generation entrepreneur & the man behind one of India’s fastest growing infrastructure organizations.

GRK Reddy is a visionary & the man behind the success of MARG Group. A first generation entrepreneur (fondly referred to as GRK by friends and peers), he began his career in the merchant banking industry and gained valuable experience in advising and structuring financial closures. In 1994, he promoted the MARG Group. GRK has gone beyond the conventional stereotype models of growth and has steered MARG from an EPC company to a diversified infrastructure major.

A post graduate in commerce and alumni of Kellogg School of Management, GRK recognizes the untapped potential in infrastructure space. He envisages that “Sustainable Infrastructure” will be critical to Indian economy, driving the second generation of reforms.

Today, MARG Group has over two decades of reassuring presence in infrastructure development and is pioneering the development of economic growth centers. MARG's portfolio spans across the infrastructure value chain - EPC, Marine Infrastructure, Logistics, Urban & Industrial infrastructure and Real Estate (residential and commercial).

GRK’s business philosophy revolves around inclusive growth, sustainable development and redefining the fundamentals of urbanization with a desire to give back to society through ‘holistic region development’ for a better quality of life in neighbourhood communities. All MARG projects are standing testimony to this philosophy.

Being a thought leader in the Infrastructure segment, GRK has championed green technologies and innovative city & urban space planning with modernised construction techniques.

GRK is actively involved with Confederation of Indian Industry (CII), is a member on a number of prestigious committees and is currently the President of Indo-Australian Chamber of Commerce.

GRK is the recipient of several prestigious awards.
