

Of colours and creativity

WHAT: Art exhibition
@ Marg Institute of Design
and Architecture,
Swarnabhoomi

After the completion of one year of architecture at Marg Institute of Design and Architecture, Swarnabhoomi, (M.I.D.A.S.), it was time for the students to put up an exhibition

Days spent making models, carving wood, moulding clay, crafting replicas of historical monuments, experimenting with waste materials, working on installations, wall murals, mobile and stationary sculptures galore, culminated into an exhibition at Lalit Kala Akademi.

Faces, both familiar and unfamiliar, students and artists, turned up. The final day of the exhibition had the highest turn-out, and renowned architect Sanjay Mohe put up a presentation on his philosophies and work.
